## f) DQprocedure\_Proposal\_resubmitted

	Dr Claudia Behnke
Discussion	<p>Dr. Claudia Behnke asks if there are questions about the proposal. There are no questions. See Annex "6 - DQprocedure_Proposal_resubmitted "</p> <p>The case of Disqualification in case of Doping gets raised and must be discussed and solved as well.</p> <p>Sarah Stanton, Rick Frowyn, Michael Korn, Robert Horak and Ami Koshbin expresses their agreement in the chat. Dr. Claudia Behnke states that the main difficulty is the time delay between actual violation and the final decision, which in worst case can be years. Mr Nuvin Proag further underlines this from his experience in handling anti oping cases.</p> <p>For now, DQs based on Doping and Match Fixing shall be handled in same principal. The procedure for DQs which are not made on site must be reviewed under technical administrative aspects and shall be reverted to the board.</p>
Conclusion	<p>The proposal has been ratified with unanimous (14 yes / 2 abstain) number of votes. Text added to the SC2023 - 1.2.3 Placement correction after Disqualification: "In case a disqualification happens after the end of the tournament, the entity responsible for the disqualification will check if the above-described procedure is technically and administrative applicable and, if possible, apply."</p>
